Heritage Day Budget & Vote

Amy Witbro asked for ECAC support for the Heritage Day event to support for entertainment costs. Amy had mentioned \$2000 for performers costs.

We reviewed that our current budget goes to June 30th. Any mini grants received come from our budget which is currently around \$11,283.

We discussed the summer concert series and that the town will be looking for corporate sponsorships as well as grant money that is available through the Office of the Arts.

Our current budget includes:

The annual Paul Bisaccia concert \$900

The farmers market concert series \$700

Various arts related instructional classes \$1000

Mini Grants \$4000

Movies in the Park Series \$1300

Women's Club Art Festival \$500

Festival of Trees refreshments \$200

Many of the budget items will not be spent during this budget year so we have the funds available to give the Heritage Day Festival \$2000 towards the costs of entertainment.

All voted in favor of \$2000 for the Heritage Day Festival.

Emily will contact Amy Witbro to talk about ECAC being included in programs and promotional flyers for the event. She will also inquire about putting our banner on display at the event.
